

Lewis Charles Design Service

Lewis Charles Bathroom Solutions is unique in offering you a complete service from supply-only bathrooms and wetrooms to bespoke design and full installation.

We provide a high-quality, specialised service from the design and planning stages right through to the full installation and completion of your bathroom scheme.

The bathroom is no longer just a necessity, it is a haven for us to relax and unwind after a hectic day. Purchasing a bathroom is not an everyday occurrence and you may have waited months, or even years, to have your dream bathroom installed. It is our aim to turn your dream into reality, both simply and easily.

Lewis Charles offers an exclusive design service to our clients. We can plan any type of bathroom, irrespective of shape or size. All our designs are put together not only from an innovative and stylish perspective but also, and most importantly, from a practical standpoint. There is no point in planning a great looking bathroom if it doesn't work!

Equally importantly, we pride ourselves on being able to design great-looking and stylish bathrooms that will work within almost any budget. Choose from a basic supply-only bathroom, to a fully bespoke installation and building project.

We will visit homes within a 20 mile radius of the showroom to measure the space available and discuss your requirements. We cater for all tastes, whether they are traditional or contemporary, way out or conservative, so we are able to create the bathing zone you have always wanted.

A design fee of £350.00 is payable for hand drawings, and of £150.00 for 3D/virtual images produced on our in-house CAD package. These fees are per bathroom, additional rooms will be charged at 50% of the full fee.

Once the initial design is prepared, we will invite you back to our showroom to present you with the concept. Generally there will be a few changes to make but, once these are agreed, the design is revised and a financial proposal produced. A further visit to the showroom is required to agree the final design. Once you are happy with the final design, and the financial proposal, we can go ahead with the order of the equipment and prepare for the installation, if applicable.

At this stage you are required to place a deposit of 50% and, if your order value exceeds £4,000.00, your design fee will be CREDITED IN FULL.

Important

- All drawings, visuals, and designs remain the property of Lewis Charles Bathroom Solutions Limited until a deposit is placed.
- Although we have provided scale images of your bathroom it is your responsibility to investigate the feasibility of the drawing regarding plumbing, electrical, and structural works. The images and design are provided on the basis that you confirm the viability of the installation prior to commencement of works. These images are provided to create visual awareness of the space and layout but should on no account be used as a basis for technical drawings.
